

Moving day checklist

Bailey's Moving & Storage · one-page printable

Before the crew calls (morning of)

- ☐ Essentials bag with you (keys, meds, chargers, documents) — not on the truck
- ☐ Paths clear; pets and kids out of the work areas
- ☐ Parking spot saved; elevator reserved if needed
- ☐ Know what's going, what's staying, and any special-care items

When the crew arrives — walkthrough

- ☐ Meet the crew lead; walk every room together
- ☐ Point out what moves, what stays, and where things go at the new home
- ☐ Flag tight stairs, fragile pieces, and anything that needs special care
- ☐ Confirm dressers: clothes/linens only if the piece can handle the weight

While they work

- ☐ Stay reachable for decisions (you don't need to carry)
- ☐ Keep walkways clear as rooms empty
- ☐ Final pass of closets, cabinets, garage, and yard before the truck leaves

At the new home

- ☐ Direct traffic: which room for each piece and box (labels/door signs help)
- ☐ Final walkthrough: everything off the truck; furniture where you want it
- ☐ Review paperwork before you sign; note any damage concerns
- ☐ Ask about Full Value Protection terms if you haven't already

Optional thank-yous

- Cold water or sports drinks; lunch or a snack appreciated
- Tip is optional — rough guide \$20–\$100 per crew member (Chad Tripp, Ops Manager)
- A review that names the crew helps too
